WHERE I-80 cuts U. S. 45. The present U. S. 45 will be moved to the west between 183d and 191st and the view from the air shows the grading work that is being done. The diversion of U. S. 45 is shown beginning near the WLS transmitting station.

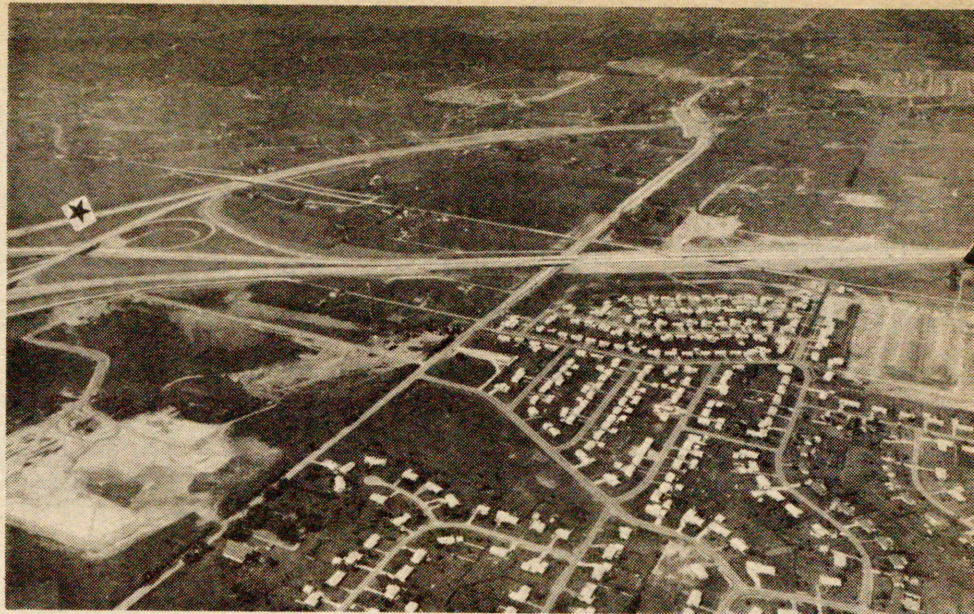

OUT MARLEY WAY -- I-80 coming from the east is shown here crossing over the Norfolk & Western Railroad. Natives of the area are keeping their fingers crossed. A lot of peat there, they say.

PASSING OVER U. S. 30 about a mile west of New Lenox, I-80 keeps on in the southerly direction for a short piece and then swings east to cross the south side of Joliet. U. S. 30 is being widened at this point. The grade separation here is one of those catch-as-catch can affairs where it is not too difficult for a person to get on the expressway in the wrong direction.

BRIGGS ST., on the far east side of Joliet, spans I-80 and there is a grade separation there. Next exit, Richards St.

AERIAL VIEWS taken by Pat Callahan, Graphic Newspapers staff photographer, show how work is progressing on I-80. Top right was taken east of Tinley with I-80 marked by arrow. The star at left is on I-57 and that thoroughfare in the middle running north and south is Cicero Av.

Speed Up Work On I-80 To Meet Job Deadlines

With Dec. 9 as the target date for opening I-80 to traffic thru Illinois, contractors are reported to be stepping up work schedules to meet deadlines.

Contractors may establish work weeks and work days as they see fit so the work is finished in time. Last week, for example there were some hard rains that halted work. To make up for this and to allow for further inclement weather some are working a 12-hour day and a seven-day week.

Paving crews are working steadily and the route itself should be ready in time, it was believed. Some of the grade separations may not be ready by Dec. 9 but from appearances there will be connections with the tollway to receive traffic from the East Coast and other points between there and Tinley and at Harlem Av., just west of Tinley.

The cloverleaf at U.S. 45 in the vicinity of 183d St. will not be completed until next year, it was said, and it will be sometime in 1968 before the new crossing over the Rock Island is built in the vicinity of 191st St. Meanwhile U.S. 45 is being diverted to the west south of 183d and will turn back to use the Rock Island underpass on U.S. 45 until the new overpass is finished.

Work is being pushed on 80th Av. where a bridge will carry traffic over I-80 between 191st and 183d St. I-80 cuts thru 76th Av., between 183d and 191st but temporary arrangements have been made to permit school buses to use 76th. After Dec. 9 76th will be closed and it is the hope of Lincoln-Way High and Arbury Hills schools that the 80th Av. crossing will be ready by then. Otherwise

they will have difficulty in maintaining bus schedules.

I-80 passes over the Rock Island at 88th Av. and over the Norfolk and Western at Marley and again spans the Rock Island and Hickory Creek west of New Lenox. It marches into Joliet from the east on stilts and continues west to hook up with the section that goes on to Rock Island where it crosses the Mississippi and Iowa.

It is expected there will be several grade separations ready in Joliet by the time I-80 is open but there are a couple of spots there where it will be a year or possibly longer before motorists can use them to get on and off of I-80.

I-80 crosses the Lakes to Gulf Waterway at Joliet on a high level bridge. There have been groups in Joliet talking for high level bridges for years but how much the one carrying I-80 will serve Joliet residents has been a debatable question. The bridge is at the south end of the city and it is claimed that it will be too inconvenient to use by residents in the northwest area.

Meanwhile officials of Mokena, Frankfort, New Lenox, Orland Park and Tinley Park are making plans to participate in the celebration to mark the opening of the "Missing Link" of I-80 -- the stretch between Hazel Crest and Joliet, which really means the completion of I-80 thru Illinois, so far as carrying traffic is concerned.

Officials of the area have written to Gov. Kerner and state and federal highway officials commending them on their aid in pushing the work on I-80 and offering their cooperation in any celebration plans.

Since I-80 will be a direct link between the East and West Coasts it has been suggested that the states along the route both east and west would like to join in celebrating the occasion, and have representatives present at the program in this section of Illinois.

I-80 is expected to have a major influence on the future of the southwest suburbs. It will be an outlet for the shipping of manufactured products as well as a means to expedite the freighting of materials necessary for the manufacture.

The northwest suburbs are filled with factories and industries and it is only natural that attention be turned to the southwest area. The southwest suburbs provide about the only open space left in the Chicago district.

Register Tomorrow For CSHS Swim School

BY JAMES MATTHEWS
Registration for District 230's Saturday Swim School will be tomorrow (Sept. 29) from 7-9 p.m. and Sept. 30 from 9 a.m. to noon, aquatic director Alan Gillberg announces.

The swim school will start Oct. 7 at the Sandburg pool with the boys class at 9,

girls at 10, and the advanced co-ed class at 11 a.m. Everyone, including those with valid swim tickets, must register, so that classes will not be overcrowded.

The Saturday program is for students age 5 or over. Each child will be tested and placed in one of nine "grades" of swimming skill. From there on, he can ad-

vance at his own rate, being advanced to a higher "grade" whenever his skill improves. The swimmer will not be penalized for missing lessons, nor will he be held up by slower children.

Each class will last 45 minutes, with 30 minutes of instruction and 15 minutes of practice and free time. Punch tickets, good for 10 lessons, will be sold for \$7.50 at the time of registration. A ticket good for 20 swims is also available for \$13. Girls must bring a swimming cap; the pool furnished towels and suits.

Adult classes are planned for Tuesday evenings starting Oct. 3. Registration is through the main office at Sandburg.

Recreational swimming will be on Mondays, starting Oct. 2, from 7:30 to 9:30 p.m. Family Swim will be Thursday nights, beginning Oct. 5. Families are encouraged to swim as a group and at least one parent must be present with the child. High school students will not be allowed to swim unless accompanied by a parent. The 75 cent charge per person will include a suit and a towel.

For boys and girls not on

the high school swimming team, a program of competitive swimming by age group will again be or-

ganized. Talented and interested students who have graduated from the advanced class on Saturday morning

(or who can pass an equivalent test given by Gillberg) are eligible.

Uncle Sam Wants You! For A Mail Carrier

The U.S. Post Office is looking for help. The regional director, Donald L. Swanson, announces that the Chicago board of U.S. Civil Service Examiners, is accepting applications to fill substitute clerk or substitute carrier positions in all first and second - class post offices and sectional centers in Illinois.

Chicago especially is reported hurting for lack of personnel.

The starting pay is \$2.64 an hour with regular increases to \$3.60 an hour. Applicants are to be at least 18 years of age also the department will take them at 16 if they are high school graduates. But one has to

be at least 18 before he is qualified for a carrier job in which a motor vehicle is involved. There is no maximum age limit.

Benefits offered include low cost health and life insurance, sick leave with pay, 13 to 26 days paid vacation depending on length of service and a pension.

One can pick up detailed information about these jobs in any post office, Orland Park, Mokena, New Lenox, Frankfort in the area, or any other one may encounter.

Someone suggested that it might be possible to make a hook - up with the draft to supply the post office with help.

Contractors Oppose Licensing Measure

Will County Contractors Association members have been advised by their officials that if they take out a license at Mokena under the recently adopted ordinance setting up same they should clearly mark the purpose on their checks and at the same time accompany the payment with a letter to the effect that the measure is unconstitutional.

Meade Baltz, executive secretary of the contractors group, and Roland Lif, president, state in a letter over their signatures that the Illinois Supreme Court in 1964 held licensing ordinances in several communities, including Chicago, are unconstitutional.

Ronald Galowich, village attorney of Mokena, says that

the Mokena ordinance differs from that held invalid in Chicago in that it spells out no educational requirements.

The Mokena ordinance, Galowich said, calls for a flat license fee and the posting of a substantial bond by the contractor to assure a competent job.

"The ordinance was passed solely for the protection of residents of Mokena," Galowich said, "and it will be enforced until such time as the courts rule to the contrary."

Baltz contends the Mokena ordinance is no different than the measure held invalid by the supreme court. He added that the association has been presenting its position to village attorneys in the county.

Sandburg And Stagg Faculties Complete

"Each of the 47 new employees at Carl Sandburg and Amos Alonzo Stagg High Schools is qualified, a college graduate with required education courses, and will be fully certified," Superintendent W. O. Fisher reported to District 230's Board of Education, meeting at Stagg High.

"This alone is an accomplishment," he said. The teacher shortage is acute, and as stated recently in the newspapers, this year's teachers, in general, will be younger and predominantly female, Fisher added.

The school calendar was amended to allow for a state holiday, Columbus Day, and a teachers' institute the next day, Oct. 13.

Contracts for Norton Roofing, working at Sandburg; and Crowley-Sheppard Co., paving parking lots and driveways at both schools, were approved. Both were low bidders, and the Norton workmen should have Sandburg's roof repaired in about six weeks.

Working drawings and

specifications for Stagg High additions are in progress and Oct. 15 is the target day for completion. Plans for Sandburg's tennis courts were ready for board inspection this week.

A study made of Sandburg's class of 1966 and 1967 was reviewed by the board. The study shows achievement by students from various area grade schools, and it tends to pinpoint dropout and transfer problems. Copies of the statistics will be sent to each grade school board president with a letter from the board president of District 230, Charles McBurney.

Board member Patrick Henry accepted appointment on the PTA's college loan fund. A new salary guide, increasing the hourly wage of custodians, was approved. The board also approved submitting applications for vocational programs, partially funded by the state.

Enrollment figures, as of Sept. 11, Fisher reported, were 1,107 students at Stagg and 1,654 at Sandburg.

Frankfort Schools Tell Need Of More Revenue

The Educational Fund tax rate increase to be voted upon at Frankfort Oct. 14 is not just a school issue but one that involves the future of the community, it was emphasized this week by a spokesman for the grade school board.

"With the community pride which has been so evident in Frankfort for a long time," the spokesman said, "and with the renewed effort on the part of the Frankfort Chamber of Commerce to build upon this pride the past several years, Passage of this proposal would certainly indicate that Frankfort is on the move."

"A defeat of this proposal will not only seriously affect the school program but

directly or indirectly would nullify some of the progress this community has made.

"It is for the community to decide," the board spokesman added, "if the Frankfort school system is to be allowed to offer its students the same comprehensive educational program that neighboring school districts are able to provide their pupils."

The referendum Oct. 14 is for the purpose of approving an increase of 21 cents in the Educational Fund tax rate. The present rate is 90 cents per \$100 equalized assessed valuation and has been at that level since 1953, the board pointed out. The proposed 21-cent increase would make the rate \$1.11.

The educational fund covers such expenditures as salaries, supplies and materials and the development

of school programs.

Frankfort school authorities have eliminated the choral program, educational TV, intramural athletic activities and ordered cutbacks in the purchase of supplies and materials and interschool athletics this year because of lack of revenue, it was explained.

The salary question is a major factor, it was brought out. A school district today, it was stated, is in competition with other districts in the quest for teachers. A district unable to offer a salary to match that paid by neighboring districts is at a disadvantage.

"A school district which does not have the financial support of its community will find it increasingly difficult to attract and retain well-qualified personnel," the board spokesman declared.

Special Programs For Lincoln-Way's Home Grid Games

Lincoln-Way High School football teams will be hosts to Oaklawn this Saturday afternoon and all parents who have sons on the varsity will be admitted free.

Athletic Director Ronald Stopka, with the help of the Varsity Club, has arranged special program for the home games at Lincoln-Way.

Also a part of the football program this year will be a meeting at the school each Monday night from 8 to 9:30 o'clock. Bill Vogel, varsity coach, will be host at these affairs. Films of the games will be shown and discussed, the back and line-man of the week presented, and there will be a question and answer period. Refreshments will be served.

All interested adults, alumni, parents, supporters and postmortem specialists are welcome.

This Saturday, Sept. 30, has been designated a Parents Day. Dads who attend will wear the same numbers

as their sons and mothers will receive special gifts from the football team. Parents will be introduced at half-time.

Saturday, Oct. 7, the date the Knights play host to Rich East, will be Band Parents Day. All Band Parents will be admitted free and be entertained at half-time by their sons and daughters with a special program arranged by Robert Taylor, head of the music department and Rudolph Kummer, who directs the band that plays at football games.

The last of the home games will be the Homecoming game Oct. 28. All students and alumni are invited to take part in the festivities which will include a dance at the school that night with Roy Gordon's orchestra providing the music.

The conference foe to be faced by Lincoln-Way for Homecoming will be Evergreen Park.

Earth Science Club Plans Field Trip

The Mokena Junior Earth Science Club of Northern Illinois will launch its new fall season with a field trip to the Lizzadro Museum of Lapidary Art at Elmhurst on Saturday, Oct. 14. The bus will leave Willowcrest School at 12:45 p.m. and will return approximately at 4:15 p.m. Parents are asked to plan to accompany the children on this field trip. It is rated as an excellent family prospect. Fifty cents per person will be charged for the bus transportation.

Upon arrival at the museum the Mokena club members will view a film and hear a guest speaker

on the topic, "Asbestos". There will be time allotted for a tour of the public museum and a visit to the Rock Gift Shop.

This year Richard Kasper and Mrs. Luther Schilling of the Junior High School department at Willowcrest will serve as co-chairmen of this club. Other adults serving on the steering committee are: Mr. and Mrs. James Konecny, Mrs. T. A. Shoop, Mrs. Vernon Lanekau and Mrs. Russell Bennett.

Dues are due, it was said, 75 cents a year.

Family Participation is encouraged.

Adopt New Building Permit Fee Schedule At New Lenox

An amendment to the building ordinance setting up a new schedule of fees for building permits has been adopted by the New Lenox Village Board.

The new schedule is the same as that established by Will county for permits covering building in the unincorporated areas.

If the cost of the project--say for repairs, or alterations--are \$500 or less, a permit is required but no fee will be charged. The fee for a building costing more than \$500 and not more than \$2,000 will be \$10. The minimum fee is \$10.

The fee for buildings up to \$40,000 is \$5 per \$1,000. If the cost of a building shall exceed \$40,000 the fee will be the \$5 per \$1,000 up to and including \$40,000, and \$3 per \$1,000 for each additional thousand dollars of cost.

Action on an ordinance regulating excavations within the streets of New Lenox was deferred until the regular board meeting Oct. 4. There have been complaints made to the board of contractors digging up the streets to install sewer connections and then failing to backfill and surface the excavation properly.

Trustee Wilbur Thackrey reported that Township Highway Commissioner Otto Bormet agreed to furnish equipment and labor as the town's share of opening Joliet Rd., between Pine and Ogden. Total cost of the project was estimated at \$3,000 with the village putting up \$1,500 in money. It was indicated that opening the street would finally depend on whether abutting property owners bear some of the cost.

Trustee Robert Wysock was authorized to have a large tree removed at Pine and Haven. The tree is dying, he reported, and a portion of it is hollow. The hollow part is said to have

been taken over by a swarm of bees. Several passersby complain they have been stung.

A representative of Commonwealth Edison Co. is scheduled to appear at the next meeting to discuss the street lighting program. The village board is ready to have all the street lights of the mercury vapor type. There are 85 lights now in the village but the board believes there are some additional areas that should be lighted.

With the 85 lights as the basis for its figures the utility firm would get \$33.60 more a month the first year; \$67.20, the second year; \$100.80 the third year and after that it would cost \$134.40 a month more.

Mayor Joseph Hartung and Trustees Thackrey, Wysock and Francis Miller and their wives attended the Illinois Municipal League seminar at Springfield last week-end. Also in attendance was Village Clerk Marge Wajchert.

JOYCE LAUFFER--Mr. and Mrs. Clarence Lauffer, R.R. 2, Tinley Park, announce the engagement and approaching marriage of their daughter, Joyce, to James R. Burroughs, son of Mr. and Mrs. Robert Burroughs of Grays Lake, Ill. and formerly of New Lenox.

Joyce is a 1967 graduate of Lincoln-Way High School and is presently a student at Joliet School of Beauty Culture.

James is also a graduate of Lincoln-Way High School and is employed by Bansley and Keiner, Joliet.

The wedding is set for November 25, at 6 p.m. at St. John's United Church of Christ, Mokena.

Buddhist Priest Speaker At Devotion Day

The Rev. Gyoko Saito, minister of the Buddhist Temple of Chicago, will lead the second Day of Devotion programs at the Community Center Foundation, Palos Park, from 10 a.m. to 2 p.m., Oct. 4.

Rev. Saito received a master's degree in Buddhism in Japan, and has been the minister of the Chicago temple for the past 11 years. He will offer the Buddhist perspective to life through discussion and the opportunity for meditation.

Scout Troop 40 Will Sell Christmas Greens For Trip

Telephone: 479-9321

Special flyers are ready for mail distribution by Boy Scout Troop 40 in preparation for its annual Christmas greens sale.

Orders for the greenery will be taken by the Scouts during Oct. 3 to Nov. 1 when a house to house canvass in the village, subdivisions and surrounding areas will be conducted.

Margaret Crowle Says Vows With Gerald Mark

Vases of white carnations and red roses decorated the altar of St. Peter's Anglican Church of Sault Ste Marie, Ontario Canada, for the wedding of Miss Margaret Anne Crowle and Gerald William Mark of Frankfort, Ill.

Archdeacon Charles B. Noble officiated at the 3:00 p.m. May 6, double ring ceremony uniting the daughter of Mrs. Joan Crowle and the son of Mr. and Mrs. Charles Mark.

Escorted to the altar by

her brother-in-law, Gerald Edward Roberts, the bride wore a formal gown of white crepe with a square neckline and an empire waist. Her nylon tulle veil was elbow length and caught to a cluster of rose petals trimmed with Lily of the Valley. She carried a hand bouquet of pink delight roses.

Maid of honor was Mrs. Violet Roberts, a sister of the bride. She wore a formal sheath of pink crepe, featuring an empire waist. The headpiece consisted of silk illusion veiling held to two rosebuds. She carried a nosegay of white poms and pink roses.

The bridesmaid, Mrs. Lauren Becker was dressed identical to the maid of honor.

Flower girl was Laura Lynn Mark, a niece of the groom.

Performing duties as best man was Charles C. Mark, brother of the groom, with James R. Becker as usher.

For her daughters wedding, the brides mother chose a two-piece knitted suit of turquoise trimmed with navy and white hat and gloves, and navy shoes.

The grooms mother wore a dress of pink linen, covered with pink eyelet trim and a short boxer jacket to match. Both mothers wore corsages of white roses.

A come and go tea was held in the Church hall immediately following the ceremony.

The couple left for a wedding trip to Toronto, Ontario, Niagara Falls, and Washington, D.C. They returned to Frankfort to visit the grooms relatives and are then returning to Mich. until July.

The canvassers will enumerate the youngsters in the district from eighth graders down. The count will enable the school board and administrators to make practical plans for the future, it was pointed out.

EDC Seeks Funds For Diagnostic Center To Study EMH Children

Funds for a regional diagnostic remedial center for the purpose of better identifying and treating educationally handicapped children in the South Suburban area will be sought by special education directors in the area.

The decision was made during a meeting Sept. 13 of the directors of the six special education cooperatives. It was called by Charles J. Kucera Jr., coordinator of special education for the Educational Development Cooperative (EDC), to explore the needs of children with learning disorders and the measures needed to alleviate the problem.

The motion, made by Stanley Singer, director of the AERO (Argo, Evergreen Park, Reavis, Oak Lawn) special education cooperative, reflected the consensus of the group. It recommended that EDC explore the possibilities of seeking funds under Title III or any other title of the Elementary and Secondary Education Act of 1965 for a center to serve educationally handicapped children regardless of classification as defined by the Department of Education, State of Illinois.

The action was taken as a result of the expressed feeling by the group that the greatest need in conjunction with their attempts to offer services and facilities for all types of handicapped children, as required by 1969, is in the areas of diagnosis and remediation.

At present, the factors of time, facilities, medical liaison, and personnel preclude offering of these very desirable and necessary

services of the extent needed.

It was conservatively estimated that 1050 children in the area could be served by such a center. If funded, the proposed center would operate in close liaison with medical and other professional specialists to treat children referred from the various cooperatives for diagnostic services.

The first step in conjunction with the action will be writing a proposal for the center for submission to the United States Office of Education in December of this year. If funds are approved for the proposal, services could begin by September, 1968 in the opinion of the group.

Commenting on the action taken by the directors, Kucera commented:

"The enthusiasm and cooperation of the directors of the various cooperatives can

only enhance the educational status of the handicapped children we propose to help when the diagnostic - remedial center becomes a reality."

Mokena Kindergarten

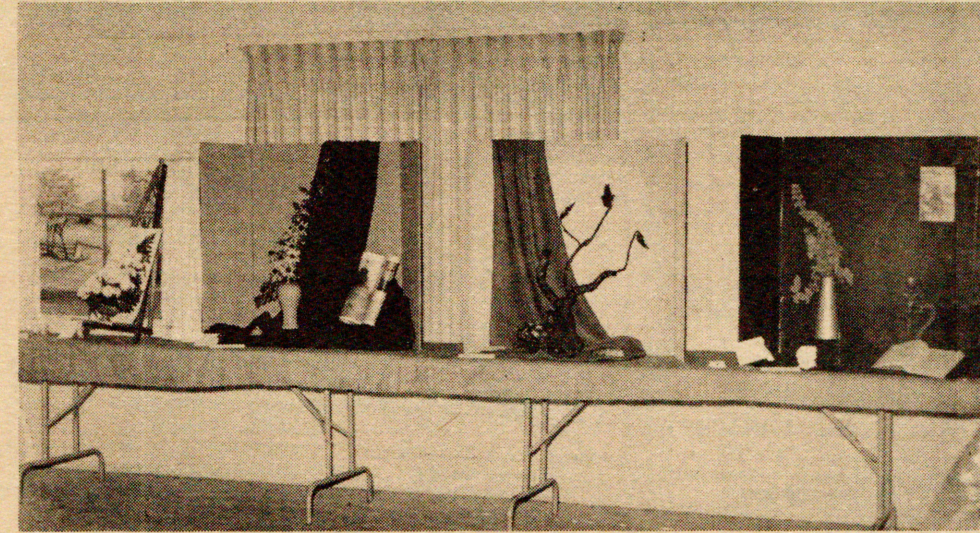

The Mokena public school system opened its doors to a new program this new school year. For the first time the school district has a public kindergarten.

During the 1966-67 school year, a kindergarten committee was selected to begin the overall study. The committee consisted of school personnel, parents, and a school board member, Mrs. Bonita Marquart from Olivet

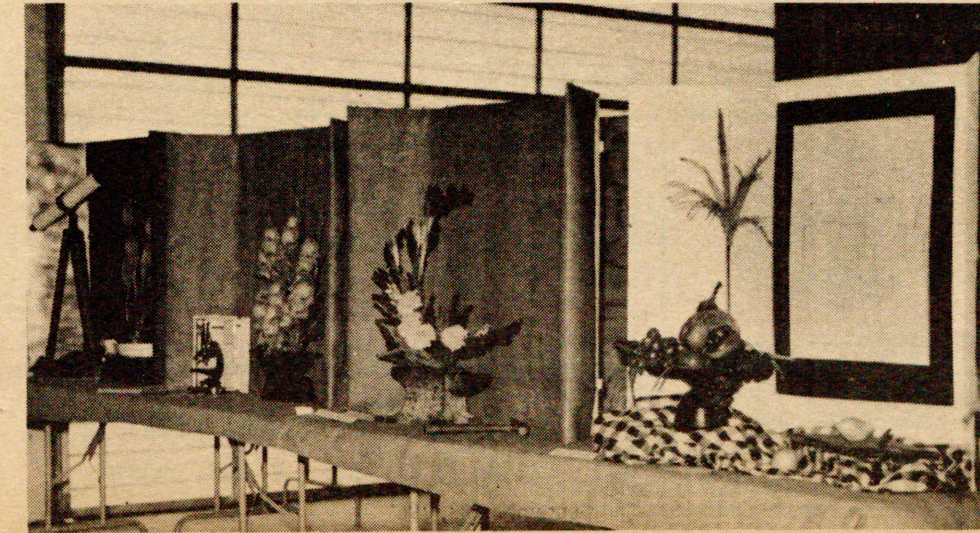

Nazarene College acted as consultant for the district.

At present, the kindergarten is housed at Carpenter Street School with an enrollment of 115 students. This enrollment is divided into four sessions. The teachers are Mrs. Carmen Windle, Mrs. Marilyn Sievert, and Mrs. Carol Cady.

On Oct. 10, at 7:30, the first parent meeting will be held with Mrs. Marquart as the speaker.

5-In Memoriam

IN MEMORIAM
Reeves, Russell: In loving memory
of my beloved husband who passed
away 3 years ago today Sept. 27th.

You left me oh so suddenly,
Your last thoughts were unknown,
A bitter, grief, a shock severe,
It was to part with one so dear.
I often sit and think of you and
speak of how you died,
To think you could not say goodbye,
Before you closed your eyes.
You left a beautiful memory,
I am very proud to own.
The tears I wipe away,
But in my heart you'll always stay,
Loved and remembered in every
way,
What it meant to lose you, Russ,
No one will ever know.
Loved and remembered,
Wife, Tillie
